Company View Point

A&A SOURCING is the one of the Fabric supplier and manufacturers for nearly 10 years with over 100+ Satisfied Customers in the Countries. We will continue and produce amazing fabric for our customer base.

The Company A&A SOURCING LTD is established in 2010 with the dedication of maintaining international standard quality for supplying fabrics for reputed ready-made garments industry. A&A SOURCING is situated at Dhaka, it is well known for its quality product supply from Bangladesh and China.

We have good relationship with the different mills in Bangladesh and China from where we are producing the goods and shipped to the buyer through the different export company of China. We love to follow buyer's instruction and advice.

We can also offer the very competitive prices since we are dealing directly with the Yarn supplier, producer, dying mill and finishing mill by ourselves. We can keep the competitive price from the first stage of the process and punctual delivery. Being a Bluesign® and OEKO-TEX® partner, we also dedicate ourselves to join the ranks of environmental protection. We have faith that our enthusiasm and the pursuit of all of these goals will benefit all our customers, and in a longer term, our precious mother land. So we can offer very competitive price for all of the items needed by our buyer.

Vision

At A&A Sourcing, with well-defined quality objectives in mind to attain customer satisfaction, is at the heart of our business policy and strategy. A&A is committed to manufacturing, source, supply and trade quality textile products and services. We will always endeavor to satisfy our customer's needs and exceed expectations through win-win relationships and delight them. Our vision is to serve our customers with dedication and offer specialized services with standard quality assurance.

Mission

A&A SOURCING is committed to the consistent upliftment and improvement of both its products and its responsibilities towards its employees. Striving hard to achieve the highest level of customer satisfaction through timely deliveries along with enhanced quality and value of all our products. We have made it our mission to be leaders as manufacturers, suppliers of high-quality fabrics utilizing best technology, delivering quality textile products and services at the most competitive prices to sustain long-term business policy.

Values

Corporate is the fundamental beliefs upon which a business and its behavior are based. We believe that our employees are the representation of our business to the world, so they should be technical yet ethical in their profession. Our values include

Respect

Everybody is respected and valued in the company; therefore, we comply with the rules and internal policies that ensures a good working environment.

Quality

We strive for comprehensive quality in our employees, processes and products in accordance with current market demands and globalization.

Innovation

We are open to change, we seek continuous improvement and competitive differentiation stemming from research, analysis, and creativity.

Teamwork

We offer to our team members our confidence, talent and enthusiasm so that they can achieve common objectives with superior results.

Competitive Strength

Experienced Management Team

Our Promoter, Mr. Md. Alamgir Hossain who also serves as CEO and Managing Director looks after overall management of the Company and has more than two decades of experience in the field of textile sector. Further, our company is managed by qualified and experienced personnel who are well versed with our business undertaken by our Company. We believe that our management team's experience and their understanding of the textiles industry will enable us to take advantage of future market opportunities thus expanding our business horizons.

Quality assurance Team

We believe that quality of products plays an instrumental role in our company. Our Company has the practice of checking the products for quality assurance before they are dispatched to the customers and our Company has a separate quality control department which looks after the quality, strength and the durability of the products.

Marketing and Merchandising Team

Our company has well established marketing setup for creating sound market for our products in the market with provides suitable price, high quality service and on time delivery. Our Company's marketing and merchandising team develops and maintains cordial relations with our buyers by continuously following-up with the existing buyers and approaching new buyers.

Business Strategy

We envisage long term growth by supplying qualitative products and building long term relations with buyers. In line with this vision, our Company is implementing a business strategy with the following key components. Our strategy will be to focus on capitalizing on our core strengths and expanding the operations of our business. We intend to focus on our existing range of products with specific emphasis on the following factors as business and growth strategy:

Improving our functional efficiency

Our Company intends to improving efficiencies to achieve cost reductions. We believe that this can be done through continuous process improvement, customer service and technology development. We ensure a strong quality commitment by our employees.

Buyer Satisfaction

The business of our Company is buyer oriented and always strives to maintain good relationship with buyers. Our Company's marketing team approaches existing buyers for their feedback and based on their feedback any changes in the products if required are carried out. Our Company provides quality products and effective follow-ups who ensure that the buyers are satisfied with the product and do not have any complain.

Brand Image

We would continue to associate ourselves with good quality buyers and execute projects to their utmost satisfaction. We are highly conscious about our brand image and intend to continue our brand building exercise by providing excellent services to the satisfaction of the buyers.
